

Executive Officer Notice:

Interim Extension of the Facilitated Access to HIV/AIDS Products Currently Listed in Part VI-A of the Ontario Drug Benefit Formulary/CDI

February 28, 2024

This is an update to the original EO Notice posted on December 14, 2023 regarding the elimination of facilitated access to HIV/AIDS drug products (HIV FA) from the Ontario Drug Benefit Formulary/CDI (the “Formulary”).

For HIV/AIDS products currently listed in Part VI-A of the Formulary (i.e., under HIV FA):

To ensure ongoing timely drug access, the HIV FA mechanism that was scheduled to end on February 29, 2024 for HIV/AIDS products currently listed in Part VI-A of the Formulary (i.e., under HIV FA) has been extended until further notice.

As such, the existing HIV FA physician list will remain active for access to the products listed in Part VI-A of the Formulary and enrollment through the Exceptional Access Program (EAP) will continue until further notice.
