

SCHEDULE F

SERVICES EXCLUDED UNDER THE CANADIAN INTERPROVINCIAL AGREEMENTS FOR THE RECIPROCAL PROCESSING OF OUT-OF-PROVINCE MEDICAL AND HOSPITAL CLAIMS

Excluded Hospital Services

- Surgery for alteration of appearance (cosmetic surgery)
- Sex-reassignment surgery/gender confirming surgery
- Surgery for the reversal of sterilization
- In-vitro fertilization, artificial insemination
- Lithotripsy for gall bladder stones
- The treatment of port-wine stains on other than the face or neck, regardless of the modality of treatment
- Acupuncture, acupressure, transcutaneous electro-nerve stimulation (TENS), moxibustion, biofeedback, hypnotherapy
- Genetic Screening and other genetic investigation, including DNA probes
- Procedures still in the experimental/developmental phase/clinical research phase
- Gamma Knife radiosurgery
- Virtual Health/Telemedicine
- All dental services, except medically necessary oral surgery (e.g., disease of the jaw or injury of the jaw) performed in hospital. Note: A dental service provided by a physician is not an excluded service.
- Magnetoencephalography (MEG) Scan
- Islet cell transplantation
- PET scans (except PET-CT scans for selected medical indications. Please refer to the out-patient rate sheets for a list of billable PET-CT scans)
- CAR-T cell therapy
- Brachytherapy
- Sleep Labs
- Services to persons covered by other agencies: Armed Forces, Workers Compensation Boards, Department of Veterans Affairs, Correctional Services of Canada (Federal penitentiaries)
- Services requested by third party
- Team conference(s)
- Anaesthetic services and surgical assistant services related to the delivery of services on this list

Other Excluded Services

- Prescription drugs administered outside the hospital setting
- Home Care
- Charges for hostel care

Excluded Physician Services

Physician services associated with services listed under 3.1.1 are excluded from Reciprocal Billing. Routine periodic health examinations (i.e., physicals) and eye exams for the purpose of assessing how well an individual can see and whether that individual would benefit from refractive error correcting devices or surgery are also excluded when provided in a doctor's office.
