## Examination Component(s)

### Location

Please indicate your first and second examination location choice(s) on the Application form. Please note that the examination locations used are dependent on the number of candidates that register for that location. Every effort will be made to accommodate your preference, however please note that you may not be guaranteed your first choice.

### Special Considerations

1. The ACP Examination is available in English and if required, in French. Please indicate if you require a French version of the examination by checking the box under this section on the Application form. Applicants requesting a French copy of the examination will also be provided an English copy.
2. Please indicate if you have a special learning need by checking the box under this section on the Application form. If the request is granted, semi-private accommodations will be provided, as well as up to 30% additional writing time for the examination. Official confirmation of the candidate's special learning need must be current documentation from their college or training institution's Special Needs Office or documented in a current letter from a doctor specializing in learning disabilities. All documentation must accompany the Application form in order for the applicant's request to be considered. CPCS cannot accommodate late requests for special learning needs.

## Requirements for Eligibility

1. Please ensure that the registration fee of \$50.00 payable to the Minister of Finance by certified cheque or money order is enclosed with the completed Application form. Fees must be in Canadian funds.

**Cash or personal cheques will not be accepted.**

2. Proof of successful completion of an approved ACP program is required for first time graduates and applicants who have re-graduated from the program. Applicants must ensure that their college or training institution has provided CPCS with an official letter on letterhead which includes the date and signature of the Program Coordinator confirming successful program completion. Proof of graduation must be received by CPCS no later than two weeks prior to the examination date.

The requirement to provide proof of successful completion of an approved ACP program does not apply to applicants who are within their number of allowable attempts under the Eligibility policy or applicants who successfully completed the MOH Standard Advanced Care Paramedic Equivalency Process.

## Signature

Review your Application form to ensure that all of the required fields have been completed and all printed information is legible. Please read, sign and date the Application. Applications must be submitted to CPCS with an original signature, in ink.

## Application Policies

### Eligibility

Eligibility to write the ACP Examination is based on the following three conditions:

#### Qualifications

The candidate must:

- hold Advanced Emergency Medical Care Assistant (AEMCA) certification; **and**
- must have successfully completed an approved Advanced Care Paramedic training program offered in Ontario or have successfully completed the MOH Standard Advanced Care Paramedic Equivalency Process.

#### Number of attempts at the examination

Eligibility is limited to a maximum of three attempts at the examination. Candidates who have been unsuccessful after three attempts at the examination would need to re-

graduate from an approved ACP program in order to renew their eligibility. Candidates who have renewed their eligibility are eligible for three further attempts at the examination within 24 months of re-graduating.

## Time elapsed since graduation

Eligibility gained by either completing an ACP program, or by receiving equivalency status, is limited 24 months. Candidates who have not successfully completed the examination within 24 months of their program completion date would need to re-graduate from an approved ACP program in order to renew their eligibility. Candidates who have renewed their eligibility are eligible for three further attempts at the examination within 24 months of re-graduating.

## Confirmation of Exam Registration

Notification Letters to confirm registration date, time and place of the examination, will be issued to candidates once CPCS has confirmed the candidate's eligibility (i.e. receipt of registration fee, official proof of successful completion of an approved ACP program, etc.). Notification Letters will be issued to eligible candidates approximately two weeks before the examination date.

If at any point after registering at your examination location on the day of the exam, you cannot complete the examination, you will be considered withdrawn from the examination and it will be counted as an attempt at the exam.

## Examination Questions

Questions on the ACP Examination are based on the ACP Core Medical Directives and the ACP Auxiliary Medical Directives of the current Advanced Life Support Patient Care Standards and other paramedic practice standards that are "in force" as of the examination date.

A list of paramedic practice standards and their in force dates can be found at:

[Paramedic practice documents | ontario.ca](https://www.ontario.ca/paramedic-practice-documents)

## Requests for Withdrawals and Refunds

If you wish to withdraw your registration or defer your exam, please let us know. We can provide a full refund or simply transfer your registration to the next exam session with no penalty fees.

## Examination Results

Candidates will be notified by CPCS of their examination results no later than three weeks after the examination date.

Candidates who are unsuccessful will be sent information to apply for the next examination and a Feedback Report along with their Results Letter. The Feedback Report identifies question types where improvement is required.

Please do not call the office for results. In order to treat all candidates fairly, examination results will not be released over the telephone, in person or to prospective employers.
