## MEMORANDUM

**DATE:** February 2, 2026

**TO:** All Ontario Home Oxygen Therapy Vendors

**FROM:** David Schachow  
 Director, Delivery and Eligibility Review Branch

**RE:** Home Oxygen Therapy Remuneration Rate Update

As communicated in the memo dated February 8, 2024, the ADP updated its remuneration structure on April 1, 2024, to include a tiered increase in compensation for ADP-registered vendors of Home Oxygen Therapy (“Vendors”). This memo provides information on the updated remuneration rates for Vendors to be implemented on **April 1, 2026**.

This memo is intended to inform all Vendors of the upcoming change. There is no action that is required from Vendors. The new remuneration rate will be reflected on billing cycles following April 1, 2026.

As a reminder, the specific changes to the remuneration structure implemented on April 1, 2024, included:

- a new one-time set up fee for new clients; and
- replacing the monthly rates with daily rates for all categories of Home Oxygen Therapy (including long term therapy for resting hypoxemia, long term therapy for exertional hypoxemia, long term therapy for children, palliative therapy, and short-term oxygen therapy).

From April 1, 2024 – March 31, 2026, the daily remuneration rates were increased by 1.5% from the current rates, as set out in the table below:

April 1, 2024 – March 31, 2026		
	Northern Rate	Southern Rate
<b>Set-up Fee</b>	\$200	\$150
<b>Daily Rate</b>	\$11.93	\$11.22

Starting April 1, 2026, the daily remuneration rates will increase by an additional 1.5% as set out in the table below:

April 1, 2026, and Beyond		
	Northern Rate	Southern Rate
<b>Set-up Fee</b>	\$200	\$150
<b>Daily Rate</b>	\$12.11	\$11.39

The ADP approved price for cylinders remains unchanged.
